

Application for Election to AAFPO Board of Directors

June 26, 2021 is election day for the Association of Angel Fire Property Owners. Any property owner in good-standing is eligible to run for election as part of the volunteer organization. The election is coordinated by an independent election committee completely independent of any current or prospective board members. All you need to do to run is complete the attached form and return it to the election committee (email for that individual will be posted here soon). NOTE: Narrative answers to the form will be shared with voters to assist property owners in selecting candidates.
